VENTURA, Calif. – Still craving your favorite seaside restaurants at Ventura Harbor while at home? Ventura Harbor has you covered with waterfront restaurants featuring a variety of cuisines, as well as seafood markets, now all offering take out/ pick-up options for the Ventura County community.

Join the nation-wide movement on Tuesday, March 24 for “The Great American Takeout.” Support local restaurants in your neighborhood and those in the Ventura Harbor by purchasing at least one meal as a to-go or takeout.

“This is an ideal way to support our restaurant owners and their employees,” states Ventura Port District (VPD) General Manager Brian Pendleton. “The Great American Takeout focuses on highlighting the restaurant industry, which has been particularly hard hit. “

Ventura Harbor Village’s seafood markets continue to stay open, offering customers a safe alternative to proteins fresh off the boats. In addition, the weekly Saturday Fishermen’s Market in the Ventura Harbor Village continues from 7:30 AM – Noon (or while supplies lasts).

From seafood dishes, to Greek, Cuban, American, and Mexican cuisine, here is a roundup of Ventura Harbor and Ventura Harbor Village’s restaurant/seafood markets and that are adjusting to the new normal with off premise take out offerings that are freshly prepared and available for easy and convenient in home dining.
