Oceans West Lease Amendment #4

Revision (Renegotiation) of % Rent

- All Master Leases have a provision for the review and adjustment of percentage rent (“Revision of Percentage Rentals”) typically starting 10 years after inception and every 5 years after that.
- Pursuant to Article 14 of the Oceans West Development Master Lease, the percentage rental shall be readjusted to Fair Market Rental as of each 5-Year Rental Adjustment Date.
- The adjustment of percentage rent can be done by either party (180 days prior to the effective date) and, if the parties cannot agree, there are mechanisms for selecting an appraiser(s) (in some Master Leases, an arbitrator).

Ocean West Marina – Changes to % Rent

Clean up of some of the categories was identified to simplify the category types as well as to improve consistency between Master Tenants:

- Combine the following list into a single category: “Boat Charters, Sportfishing, Sport Diving, Water Taxis, Excursions, Rentals and Offshore Transportation: 6%”
 - Boat Charters, Sportfishing, Sport Diving, Water Taxis, Excursions, Research Vessels
 - Boat Rentals
 - Offshore Transportation
 - All above categories currently include separate rates for “inspected and uninspected vessels” at 5% and 6% respectively.
- “Recreational Equipment Rental” revised to “Equipment Rental” (stays at 5%)
- Retail Sales be adjusted to 3%

Ocean West Marina – New Categories

Some Percentage Rent categories that are not included in the Oceans West Master Lease are included in other Master Leases and could be permissible activities at the marina (now or in future).

Therefore, the following categories have been added:

- Boat Lessons: 10%
- Parking: 25%

MISSION STATEMENT

Current

The Ventura Port District, home to the Channel Islands National Park, is committed to providing a safe and navigable harbor and a seaside destination with exceptional facilities, events and services that benefits residents, visitors, fishermen and boaters.

Proposed

The Ventura Port District is committed to providing a safe harbor that is an inviting and inclusive seaside destination with exceptional facilities for fishers, boaters, residents, and visitors.

LONG-TERM GOALS - CURRENT

The District will provide a rewarding and vibrant coastal marine experience to our residents and visitors through efficient and timely execution of these District Goals.

- 1) Maintain and enhance a safe and navigable harbor by:
 - A. Securing funding for dredging the Harbor entrance through the Army Corps of Engineers in coordination with agencies and our elected officials;
 - B. Dredging the Inner Harbor and preserving infrastructure;
 - C. Providing superior Harbor Patrol, Maintenance, and related District services;
 - D. Preserving and enhancing infrastructure, equipment and facilities for a modernized, efficient and safe working harbor.
- 2) Support and promote commercial and recreational boating and fishing.
- 3) Increase economic development, vitality, and diversity of the District through effective leasing and marketing strategies.
- 4) Promote sustainable use of our natural environment through business practices and programs designed in concert with our tenants, educators, agencies, and interest groups.
- 5) Build respectful, productive, and mutually beneficial business relationships with our tenants, public agencies, elected officials and the community.
- 6) Provide exceptional public service and transparency at all levels within the organization through effective leadership, training, mentoring, and oversight. This promotes accountability, increased public trust, and a more efficient, effective and public focused organization.

LONG-TERM GOALS - PROPOSED

- 1) Maintain a safe, navigable, and resilient harbor.
- 2) Advance the harbor's vibrant, working waterfront in support of commercial and recreational fishing and boating.
- 3) Grow financial sustainability through a diverse, reliable, recurring revenue stream supplemented with grants and public-private partnership investment while maintaining responsible budget and expense management and reporting.
- 4) Establish and implement environmental sustainability policies and practices harbor-wide.
- 5) Build respectful, productive relationships with employees, tenants, residents, visitors, stakeholders, public officials, and elected representatives while promoting diversity, equity, and inclusion.
- 6) Provide exceptional public service and organizational transparency.
