**Importance:** High

Chair Blumenberg, Vice Chair Gardina and Commissioners,

I am writing in support of the proposed funding for the signage program for the “Harbor Entrance Feature Revitalization & Wayfinding (Schooner and Spinnaker)” included in Item #4, attachment 3 of the agenda packet. The incredible investment into the Ventura Harbor is certainly worthy of additional visibility. While this signage will assist visitors in finding businesses located in this area of the Harbor, it will also call attention to residents of the area who may not be aware of the new options in this area.

For the businesses located in this portion of the Harbor, this will be a welcome addition to allow their customers to find them more readily. I commend the Port District for the continued investment and improvements in the Harbor and heartily support the proposed signage.

Thank you,

***Stephanie Caldwell***
