Subject: 2) Authorization to Procure Electric Vehicles for the Ventura Port District

Follow Up Flag: Follow up
Flag Status: Completed

Port Commissioners,

I support the acquisition of EV's for the harbor operation 100%.

If you need assistance in selecting and sourcing vehicles that best meet your needs, please contact me.

Next we could be looking at an electric boat for the patrol.

I hope to see you at the EV Showcase on October 1st. It's a great event on the lawn.
